Work Out Equipment

The Police Association of Lafayette, (PAL) a local law-enforcement organization purchased several pieces of weight room equipment for the men and women of the Lafayette Police Department. The equipment included free weights, squat machine, bench press, incline press, dumbbells, lat-machine, and a rowing machine. This purchase is one of many that are made by PAL on behalf of its membership. The equipment has already been added to the fitness room on the 3rd floor of the Lafayette Police Department. With this additional equipment added to the fitness room, it will improve the working environment, expand the workout area, and promote continued fitness within the department.
